And then a shift towards the problems which would be stifled if one were to inhibit freedom of speech.

There are many who have not heard of the Chinese Revolution.

**FAX AND GAMIN**

All sorts of things have gone wrong, but it is a bit when you see the transparent minds and guts.

There is a transparent side to the Chinese Revolution. The Chinese are certainly careful.

The alarm is enough to send all the Japanese government officials to the police station.

**WAVY AND LACQUERED**

I think the Chinese Revolution is the most important thing in the world.

We would force the peasants to go to the cities, but we would not be able to do this without the Chinese Revolution.

**HANS URBAN**

"The political situation influences the situation at the University. Students particularly study political matters and for the newspaper. The study of political problems is a serious task. We have set up a committee to study political problems."

**PHILIP FREEDOM**

"Political science is very important, but the Government does not talk about it. The Japanese Revolution is their own business."

**KAPITAN**

"Mr. Gujing regarded the "Siberian" as a very important book."

"We only know of the Chinese Revolution. We do not know of the Soviet Revolution."

ST. PAUL

There is not the slightest shade that
Paul, Jesus Christ and the Church of
the living Bishop of Rome, apostles
and saints are anything but the

Saviour of the whole world. Therefore, the
Church teaches and the Church should be
described as being of the Church, in the
Church, and not of "like" substance.

Of course, were we carnal men we
could never arrive at this understanding of
Jesus Christ, as he is in the Church.
Nevertheless, when Paul speaks of the Church
he means the Church as Jesus Christ has been
experienced by him. Paul said that the Church
is the body of Christ, and the great

A S.C.M. WEEK

There are two interesting points which arise out of the "situation in which the world finds itself today," said Rev. Dr. Horace Schwartz, president of the Hebrew Union College, at the S.C.M. week held recently. The first is the condition of the Jews. Dr. Schwartz said that tonight, the Church must do more to help the Jews. The second point is that the Church cannot afford to lose ground in its work among the Jews. The Church must remain strong in its support of the Jews. The Church must continue to be a powerful influence in the Jewish community. The Church must continue to be a power for good in the Jewish world. The Church must continue to be a power for good in the Jewish world.

NEW THEATRE MOVEMENT IN CHINA

Just a little over 12 years ago, a small group of students, led by Tan Hsueh-fen, turned towards Lakshman, founded in 1933, the Chinese Theatre movement.

The movement was born from the spirit of the time because the new art was within the ideals of the Chinese mind and associated art with the people. The old Chinese drama has formed a means of escape from human affairs—the ordinary man was not willing to be spared. But people appreciated and admired him in the face every day and that was what western drama had never been able to achieve.

STUDENT APPEAL

All students of the New Zealand Universities are earnestly requested to send appeals to the President of the National Union of Chinese Students. The New Zealand Universities are enthusiastic in their support of this appeal and we here in China are filled with the hope that our students will be able to make a real contribution to the cause.

CHINESE WRITING

Many of the works which are written in Chinese drama and have adorned the pages of Chinese literature are filled with the spirit of the times and the hopes and dreams of Chinese people.

Another Tournament

One of the stronghold of hockey in this country is the New Zealand University. At each of the constituent Colleges the game is played. At the annual January New Zealand Inter-College Tournament, to be held early next month, the venue this year is Dunedin and thither two V.U.C. teams — men’s and women’s teams — are competing. The women’s team is in the Reddick Black, last won by Victoria in 1938, when the Tournament took place in a village at Christchurch.

Below, the form of prospective men representatives is discussed by "Boopy." A review of the prospects of the women’s team will appear in a later issue.

On the 26 July, the first XI and second team leave for Dunedin to play the New Zealand University Hockey Tournament. The winning team will be in one representative player, New- sational,茜arilton, Shrew, the entire team teamed.

TRAMPING

Thirteen Men and a Girl

Mr. Burtenshaw, emerging from a wet and windy day’s walk along the Bealey Spur, was at the bottom of the hill. All the old tramps and trampers, and the noise and the rain and the wind, were in the same situation, yet the two tramps appeared to be in very good form. They were just having a splendid time.

The previous evening had seen the party — thirteen and one girl — following the route through the beech forest to the town of Hanmer Springs. They had been walking all day, and by the time they reached Hanmer Springs, they were very tired.

The next day the party started early, hoping to reach the top of the mountain before dark. They had a rough time of it, but eventually they reached the summit at dusk.

The party then set out for the descent, taking advantage of the stars to guide them. They reached their campsite at nightfall, exhausted but happy.

It was a long and hard day, but everyone was agreed that it was worth it. The scenery was beautiful, and the sense of achievement and satisfaction was overwhelming.

There were many highlights of the day, but one that stood out was the view from the top of the mountain. It was a breathtaking sight, and it was something that everyone would remember for the rest of their lives.

The party returned to their campsite that night, exhausted but happy. They were all looking forward to the next day’s walk, and the adventure that it would bring.

The next day the party would continue their journey, down to the town of Hanmer Springs, and then back to Christchurch. It was a long and hard day, but everyone was agreed that it was worth it. The scenery was beautiful, and the sense of achievement and satisfaction was overwhelming.
