ANOTHER STEP...

The N.Z. U.S.A. Council meeting at Otago University another step was made to bring student facilities up to the level of those in other countries. The Student Union Building at Otago has been extended by a new block on the north side, which will be used for the student union's offices. The building was designed by Mr. J. M. O'Brien, and the architects were Mr. J. M. O'Brien and Mr. J. M. O'Brien. The building is of reinforced concrete and will be completed by the end of the year.

There are many aspects of this work that are worth noting. The new building will provide extensive facilities for student activities, including a lecture hall, a library, and a range of recreational areas. The building is also designed to be energy-efficient, with features such as double-glazed windows and insulation to reduce energy consumption. The university hopes that this new facility will enhance the student experience and support academic success.

The meeting also discussed a number of other matters, including the proposed expansion of the student union's facilities at the University of Canterbury. The students at Canterbury have expressed a strong desire for improved facilities, and the university is working to meet this demand. The meeting also considered the issue of student fees, and it was agreed that the university would continue to work towards reducing the financial burden on students.

The N.Z. U.S.A. Council is committed to providing the best possible facilities for its students, and it looks forward to seeing the new building at Otago University completed and in use.
THE QUIET MAN
Reviewed by a Sentimental Bloke

I AM a sentimental man. I have, therefore, a prejudice towards the Irish. Irish clay seems to be a dress that suits me. In fact, I have found it an acceptable one in my friendship with the Irish people. Ford, himself an Irishman, has at last come among his own people. He has been planning this film for years and chances here are that it is the inspiration of the Irish temper and spirit. His is the gift of the Irish. The film is made up of Irish themes, Irish ideas, Irish traits, and Irish pride. It is the story of the Irishman, the Irishwoman, the Irish boy, and the Irish girl. It is the story of the Irish people as they are and as they have been. It is the story of the Irish people as they will be. It is the story of the Irish people as they should be.

The Quiet Man is Ford's latest work. I welcomed it and went along expecting great things.

I was not disappointed. If the "River" was Ford's composition for the people, The "Quiet Man" is Ford's composition for the Irish people. Ford, himself an Irishman, has at last come among his own people. He has been planning this film for years and chances are his aim will be a film that will thrill Irish hearts. The film was shot in Ireland, a country where the Irish take pride in their history and culture. The setting is a small village in rural Ireland. The characters are ordinary people living their daily lives. The story follows the life of Michael Collins, a former IRA leader, who returns to his village after a long absence to find that his mother has passed away. He is greeted by his old friends and neighbors, who are happy to see him.

Mike is a quiet man, but he is a man of principle. He is not easily swayed by the politics of his time. He is a man of honor, and he is determined to do what is right, even if it means going against the wishes of the IRA. Mike's wife, Kate, is a strong woman who is loyal to her husband. She is a devoted mother and a compassionate woman.

The film is a powerful portrayal of the Irish people and their history. It is a story of love, honor, and sacrifice. It is a story of the Irish people's struggle for freedom and their determination to preserve their culture and heritage.

The Quiet Man is a film that will be remembered for generations to come. It is a film that will inspire and uplift. It is a film that will be cherished by Irish people everywhere.

STEVENS' FINE THREE MILE 

The most outstanding performance at the Easter Tournament by a V.U.C. representative was that given by G. Stevens in the three-mile championship. Shaving stamina and speed which seemed out of all proportions to his slight physique, Stevens finished second to the all-conquering Australian, Plummer. This gave Victoria its third New Zealand University
Athletic title.

Stevens, the son of a former New Zealand barrier champion, who, only records like threethree as a good training for hurdle events, explained that the three-mile race was of little interest to him until the last couple of weeks of the training. "I never thought about the distance or the field behind, other than a similar distance. Plummer, a tall, sterner fellow, has a different technique. I was always the tortoise and Stevens frequently purposed the race in the early miles. Stevens was consistently

Tourneament Report...

Once again Otago University has won the Easter Tournament held in Otago, 22-23 April, and Victoria only retained the Spoon by a mere 17 points. The competition was won by another Victorian, Peter Handcock, and second place was taken by Canterbury. The second placed teams were both with 17 points. Cricket

Victorian had a good team against Australian pinch hitter, particularly due to the batting of Neville McCaw and two third-year fellows. The bowling was solid, R. O. Smith being the best. John_THOMSON, Bill discussion.

Women's Athletics

This was an almost clean sweep for Otago. Max H. Campbell, of Murray, won the 100 yards, being beaten in the 220 yards by Innes, from Rankin, of Otago. Apart from this our competitors achieved some notable results. There was no clean sweep for Otago, McCaw losing his lead by a fraction of a second.
